#### Type of event: Show and breeding confirmation for terriers

##### General

- The breeding confirmation takes place in the hall. The character control takes place outside.
- The rings are sufficient marked.
- The possibility of a controlled entry to the show hall exists and is checked by a barcode, which will be sent after closing date.
- Entrance and exit are marked and separated.
- There are notices at the entrance, which show how many persons are allowed at the same time. Only 200 persons are allowed to enter the hall at the same time. (Determination through barcodes – area of 2200 square meters) Tagging through colored wristbands.
- Registrations are only accepted online. 1 to 2 possible companions have to be named online too.
- The judging of the dogs is defined by a concept of time so that there are no waiting lines. It proceeds in groups.
- The reports of the judges are handed over soon after the judging of the breed.
- The catering is led by the owner of the area.
- The rings are placed in the middle of the hall to observe the one-way system.

##### General hygiene measures

- A current cleaning and disinfection plan exists.
- The first aid equipment contains face masks and disposable gloves.
